

Interactive Sales Dashboard

in Power BI

01

Track sales
performance over
time

02

Identify best-selling
products

03

Understand regional
revenue
contributions

04

Make data-driven
decisions using
visual insights

Content

To design an interactive Power BI dashboard
that enables business stakeholders to:

Dataset Overview

3

- Source: Sales Dataset
- Total Records: ~21,000 rows
- Columns: Product, Region, Order Date, Quantity, Unit Price, Total Revenue
- Time Range: Jan 2018 – Dec 2020
- Total Sales: \$130.02M
- Units Sold: 469,345
- Avg. Price: \$272

Technical Implementation

Tool:
Power BI

Data Cleaning:
Excel

Data Model:
Star Schema

Visuals Used:
Bar Chart, Map, Cards,
Line Chart, Tree

DAX Measures:
Total Sales, Quantity,
Avg Price

Interactivity:
Slicers, Navigation
Tabs, Tooltips

Key Features of the Dashboard

Sales by Product & Region

- Monthly Sales Trend
- KPI Cards (Revenue, Units Sold, Avg. Price)
- Slicers (Date, Product Category, Region)
- Map Visualization with Tooltips
- Tab Navigation for different views
- Custom background, theme, and formatting

Sales Map

Sales Trend

Sales (379.95% increase) and Avg Price (335.73% increase) both trended up between [Tuesday, January 1, 2019](#) and [Sunday, December 1, 2019](#).

Across all metrics, Avg Price had the most interesting recent trend and started trending up on [Tuesday, January 1, 2019](#), rising by [335.73%](#) ([26,46,031.65](#)) in [11 months](#).

Avg Price jumped from [7,88,134.30](#) to [34,34,165.95](#) during its steepest incline between [Tuesday, January 1, 2019](#) and [Sunday, December 1, 2019](#).

At [\\$2,22,64,123.45](#), [Tailspin Heli - Max Pro Flight - 6ch](#) had the highest Sum of Sales and was [1,55,020.96%](#) higher than [Tailspin Heli - Pro Mk III - 5ch](#) which had the lowest Sum of Sales at [\\$14 352.75](#).

Sales surged by 380% and average price by 336% in 2019, with 'Tailspin Heli – Max Pro Flight' driving the highest revenue.

The dynamic tooltip provides an on-hover summary for each state, offering detailed insights into sales quantity, total revenue, and demographic-wise sales distribution—helping users quickly understand regional performance without navigating away from the main dashboard.

Insights

Time Series

- Sharp growth in sales starting mid-2020
- Sales peak in Q3–Q4 2020
- Avg. unit price increased by ~26.9% over time
- Suggests seasonal demand or campaign impact

Product Sales

- *Tailspin Heli - Max Pro Flight* → \$68M
- *66CP-A Helicopter, Piper Cub 4 Channel* also top performers
- Consistent demand in 2019–2020
- Helps focus marketing efforts on high-demand items

Regional Sales

- Full state-wise sales coverage
- States like California and Texas top revenue contributors
- Underperforming regions identified for sales push
- Map tooltip shows state-wise stats on hover

- Real-time monitoring of sales KPIs
- Region & product-based strategy planning
- Better inventory and stock management
- Informs product development and pricing decisions
- Quick executive insights without raw data digging
